For Immediate Release

ANGEL CAPITAL ASSOCIATION ANNOUNCES FALL ANGEL INSIGHTS WEBINAR SERIES LINEUP *Free Webinars Further Professional Angel Investor and Entrepreneur Knowledge*

Kansas City, MO, September 21, 2015 – Today the Angel Capital Association (ACA), the world’s leading professional association for angel investors, released its Fall [Angel Insights Webinar Series](#) line up. The free webinars are led by ACA to support a key association initiative—leveraging the trusted expertise and best practices of its 13,000+ members and other experts, to fine tune the skills and approaches of active, professional angel investors and entrepreneurs. The one hour webinars typically take place from 12 PM to 1 PM Eastern Time on the second and fourth Wednesday of each month. Registration is open to ACA members and non-members, but early registration is recommended because the number of attendees is limited.

“ACA offers the defacto, gold standard for angels to connect, gain peer insights and evolve as professional angel investors,” stated ACA Executive Director and angel investor Marianne Hudson. “Since its launch in 2013, the ACA Angel Insight Webinar Series has become hugely popular with angels, entrepreneurs, and the startup support community. The caliber of experts sharing relevant and timely insider tips is a testament to the growth, professionalism and sharing that this critical, early investment sector needs to flourish.”

Angel investor and ACA Partnership Director Villette Nolon, who moderates ACA webinars, discussed the Fall 2015 lineup, “Angels are very vocal and we listen and select topics based on trending discussions from hundreds of angels at annual ACA and regional events across the country. This Fall we’re tapping seasoned experts to break the walls down around perennial favorite topics like structuring exits, crowdfunding, term sheets and valuations.”

2015 ACA Fall Webinar Lineup

- September 22: Best Practice Series: Angel Portfolio Strategy
- October 14: Structuring Exits for Competitive Returns
- October 28: Experience from the Trenches: How Angels are Using Crowdfunding Now
- November 18: Best Practices Series: Valuation of Pre-Revenue Companies
- December 16: Best Practices Series: The Key Points of Term Sheets

Webinars are subject to change. Visit [ACA Angel Insights Webinars](#) for more details and to register. A deep archive of past webinars, including presentation materials, is also available. Media interviews can be arranged through Cheryl Isen, ACA media relations. Contact Cheryl@Isenandco.com

About the Angel Capital Association (ACA)

Known as the voice of the angel investors, the Angel Capital Association (ACA) offers professional development, public policy advocacy and significant benefits and resources to its membership of more than 13,000 accredited investors, who invest individually or through 240 angel groups, accredited

platforms and family offices. Since its founding in 2005, ACA has built the world's largest collective of angels across North America, and aligns like-minded angels to build their early-stage investment skills and share innovative ideas and practices. @ACAAngelCapital; #ACAAngelSummit.
