

Cowtown Angels Makes Largest Investment Yet

On April 22, 2014 Cowtown Angels made their final investment in Encore Vision equaling \$1,250,000. Making this the largest Cowtown Angels investment since inception in September of 2012. Cowtown Angels currently has 30 members.

Encore Vision, Inc. is an ophthalmic therapeutic pharmaceutical company formed to develop treatments for presbyopia. Presbyopia is a condition where, with age, due to a loss of elasticity of the lens, the eye exhibits a progressively diminished ability to focus on near objects. The first signs of presbyopia (eyestrain, difficulty seeing in dim light, problems focusing on small objects and/or fine print) are usually noticed between the ages of 40 and 50. The current treatments for presbyopia include corrective lenses, eye exercises and cornea surgery.
